

Luchsinger Mathematics AG, Zurich, Switzerland, owns four world-leading job boards for Science, Technology, Engineering and Mathematics (STEM): [www.math-jobs.com](http://www.math-jobs.com) , [www.tesla-jobs.com](http://www.tesla-jobs.com) , [www.turing-jobs.com](http://www.turing-jobs.com) and [www.nobel-jobs.com](http://www.nobel-jobs.com) .

We are now recruiting in all of Russia for:

### **Area Managers**

These are part- or full-time positions, working from home (in Russia).

Duties will involve the use of our online computer system, which accesses the job sites of companies and universities worldwide. Our computer system will search these job sites and locate the ads for positions. It would then be your duty to add these positions to our job boards by filling in the most important information from each ad (e.g. job description, deadline, etc.).

The process is quite simple and is very easy to learn and do. Training is provided by use of a manual and by online or phone support.

Requirements:

- Optimally you have studied (or are about to study) at least one of the following: Mathematics, Statistics, Physics, Engineering, Computer Science, Chemistry, Biology or Medicine.
- Good knowledge of English. Other (more exotic) languages such as Japanese, Chinese, Arabic, German or Spanish are especially welcome.

Salary:

- Gross salary is 10 Rubles per ad processed, which would equate to approximately 30 000 Rubles per month if working on a 100% basis (full-time).

If interested, please send us your CV as pdf and state how many hours per week you can and would like to work for us.

Luchsinger Mathematics AG  
Dr. Christoph Luchsinger  
Dangelstrasse 6  
8038 Zürich
